

## **Instructions for Coordinating Code C Proposal Reviews**

In accordance with APD 8000.1, Ames Proposals and Partnership Proposals over \$2 million must be coordinated with Code C to ensure the cost sections of such submissions are compliant with Center forward pricing rate policies and practices. Accordingly, an electronic draft copy of the cost section of such proposals (i.e., completed Pricing Template) will be e-mailed to the Code C point-of-contact, with a cc: to the Code C Alternate Point-of Contact (both listed below), at least four working days prior to the submission due date, to allow time for any needed corrections. After completing each proposal review, the Code C reviewer will reply via e-mail with identification of any problems found that require correction prior to submission.

### **Code C Point-of-Contact:**

Michael L. Schobey  
e-mail: [Michael.L.Schobey@nasa.gov](mailto:Michael.L.Schobey@nasa.gov)  
phone: (650) 604-0955

### **Code C Alternate Point-of-Contact:**

Lawrence D. Lee
